13

Read Report submitted by Colonel I Campbell Walker, Conservator, on the Forest administration in the Mysore State for the year 1897-98.

Order thereon.

Area of Forests

The Forest areas dealt with are composed of 1545 square miles of State Forests and Plantations finally settled and 238 square miles of Reserved lands under enquiry and final settlement. These areas, which in the aggregate represent 6·54 per cent of the area of Government lands and 10·81 per cent of the area of unoccupied Govt land in the State, are scattered

all over the State as indicated on the map accompanying the report.

2 The State Forests were extended by the additions of 176 square miles.

3 The decrease of 127 sq. miles of Reserved lands was nominal the areas being treated as State Forests.

4 The undermentioned jungles were constituted as State Forests:

Districts	Name of Forests	Extent. Sq: miles
Tumkur.	Manchaldore	15 1/2
Kolar	Ramasandra	27
Mysore.	Naraindrug	17
Hassan	Kabbinalé	23 1/2
	Kemphole	12
	Ramadevarhalla	12
Chitaldrug	Jogimatti	34
	Nirthadi	27 1/2
	Total	168 1/2
	Minor additions including Plantations	7 1/2
	Grand Total.	176 Sq: miles

1886

For Conservator of

5 The Jogimatti and Nirthadi State Forests which were hitherto shown as Reserved Forests Comprising an area of 13 square miles were extended by 48½ square miles. —

The progress of settlement during the last 3 years was as follows: —

	Sq. miles
1895–96	1251
1896–97	1370 —
1897–98	1545 — .

6 Other extensive tracts aggregating 47¾ sq. miles in the Chitaldrug District are reported to have been brought under special protection and partly under settlement. It is not clear why this area was omitted to be included in the list of Reserved lands.

7. The formation of fuel and fodder reserves in the

Closepet Sub Division, Bangalore District, and the constitution as state Forests of the Sarjapur and Basavankote, Jyagafabagi junctes in the Kadur District will, it is hoped, be completed without further delay.

8 Demarcation. only 108 miles of new lands were cut and 257 miles of old lands re cleared. But the total outlay under this head including cost of establishment and adjustment of old charges was Rs. 12540. This gives a high average rate of Rs 34 per mile while the average rate in the Madras Presidency is about 10 Rs. for permanent demarcation and Rs 4-12-0 for reclearing. In the Mysore District 136 miles were re cleared at a cost of Rs. 1376 or Rs 10 per mile. The charges incurred appear to be abnormal

and better scrutiny is called for. The demarcation charges have not been separately shown in some cases.

9 Surveys - About 116 sq. miles were surveyed at a cost of Rs. 3662 which is 31.5 Rs per sq. mile. In the Kadur District the expenditure was exceptionally high owing to enumeration and Valuation survey of the Sequin gudde State Forest measuring 9 sq: miles

Prosecutions for breaches of Forest Rules -

10 Out of 260 cases involving 546 persons convictions were secured in 196 cases against 371 persons, 8 cases against 157 persons resulting in acquittal or discharge. There were 14 cases pending disposal at the close of the year

of the cases brought to trial no less than 181 cases with 322 accused were those instituted for unauthorised felling or appropriation of wood. The percentage of convictions to the total number of cases instituted was 73.14 against 79.87 in the year previous

Injury to Sandal trees. The total number of cases for enquiry by the Rev Departt was 85 of which only 35 were disposed of leaving a heavy balance of 50 cases. The amount of fines recovered was Rs 1241 against Rs 1793.

Protection from fire

12. The area actually protected was 1323 against 1476 sq: miles at a cost of Rs 16,108. The percentage of success was 83 against 94 and the average cost per acre attempted was 3 pies or a pie more than

228,101 against 240444 cft.

lwood. There was an
d 354 tons of rough
tal at the commencement
e year. This was
mented by the collection
777 tons during the
r, 1702 tons were worked
which yielded 978 tons
ad wood, 255 tons of
ry wood and 241
s of white chips. The
ales and drives amounted
204 tons or 12·03 against
·21 per cent. Every 100
ns of ~~assorted~~ wood
assorted gave an average
22·08 against 24·9 per
ent of class billets. The
average cost per ton of
assorted wood was 22·8
against 21·7.

16 The quantity sold was
1572 against 1304 tons
and the amount realised

in 1896-97.

Artificial Reproduction.

13 The number of p
put out on new ground
37,623 and 48,393 vacanc
were filled up, and the to
expenditure under Plantatio
amounted to Rs. 20,058 a
Rs 32,222.

Gross Yield and out turn of Forest-p

14. Timber. The total qu
cut in Forests was 190,
against 239,298 cft, tha
quantity including the
stock of the previous ye
carted to Depôts being
against 224,480 Cft. The
cost incurred and adju
was Rs 56,894 or Rs 11,167 l
than in the previous year
The sales in the South
Depôts fetched Rs 166,25
against Rs 181,145 the
quantity of timber dispo

3 pies or a p

Rs 607,152 against 4,63,030.

The average value per ton was 386 or Rs 31 more than in the previous year.

17 The quantity of private sandal sold along with the Government wood consisted of

46½ tons of Civil and Military station Bangalore which fetched Rs 17,830

19¼ - Kirmalli and Kanamur Mamvilla - Rs 6180

3¼ - Kalasa temple Rs 972

18 Free grants of Forest Produce

The value of timber and other produce granted on free permits on account of Village Charadies and for the rebuilding of houses destroyed by fire was Rs 2494

Accurate information as

18. the quantity & cost of the produce removed by ryots for agricultural purposes is again not available.

19. Financial Results

The crop revenue amounted to Rs 11,61,997 of which Rs 10,97,241 was collected leaving a balance of Rs. 64756 at the end of the year.

20 The crop expenditure ~~was Rs 2,38,238~~ was Rs 4,30,893 against Rs ~~2,39,279~~ 4,34,057 showing a net decrease of Rs ~~31.64~~ 31.64

21 The year's surplus amounted to Rs 6,66,348 against 4,90,160 in the previous year and Rs 8,22,584 in 1895-96.

22. Compared with the actual receipts the total expenditure bears a ~~pro~~ - per centage of 39.27 as to 46.96

Khedahs.

23

23. There were no organised captures. The number of captured elephants on hand was 43 of which 10 were sold for Rs. 6300/, 7 died from various causes and 16 still remained. The Kumkies numbered 19. leaving out the 2 that died during the year.

24. The receipts amounted to Rs. 19242 and the total expenditure to Rs. 39988 thus showing a deficit of Rs. 20746.

To—The Conservator of Forests.
The Deputy Commissioners of Districts.
The Heads of other Departments.

Exd.—C.V.

30. General remarks. Mr. B. Ramaswamy Iyer, District Forest Officer, was deputed to visit Salem, Coimbatore and Malabar with special reference to the timber supply of the Kolar Gold Fields and at the same time to make himself acquainted with the systems adopted in the District and Range Forest Offices in the Madras Presidency. It is reported that the result has been made good use of his time and some of his suggestions appear practicable and commendable.

During the year three Probationary Foresters who had undergone some practical training in actual forest work were deputed to the Imperial Forest School, Dehra Dun. The Director's report on the two Rangers

Symon Lunas ~~myself~~ were sown in the shed ~~of~~ ~~the~~ ~~officer~~ were sown in the shed

od results. In the Madura District 100 plica plants sent by the

e were planted in nursery beds at Lakvalli depôt and Chik-

gur Sundal Kolli where, in the latter, the plants are reported to l

6C

iving.

~~8.~~ *Demarcation.*—Only 108 miles of new lands were cut and 257 miles of old lands recleared. But the total outlay under this head, including cost of establishment and adjustment of old charges, was Rs. 12,540. This gives a high average rate of Rs. 34 per mile, while the average rate in the Madras Presidency is about Rs 10 for permanent demarcation and Rs. 4-12-0 for reclearing. In the Mysore district 136 miles were recleared at a cost of Rs. 1,376 or Rs. 10 per mile. The charges incurred appear to be abnormal and better scrutiny is called for. The demarcation charges have not been separately stated in some cases.

~~9.~~ *Surveys.*—About 116 square miles were surveyed at a cost of Rs. 3,662, which is Rs. 31·5 per square mile. In the Kadur district the expenditure was exceptionally high owing to enumeration and valuation survey of the Tegurgudda State Forest measuring 9 square miles.

~~10.~~ *Prosecutions for Breaches of Forest Rules.*—Out of 268 cases involving 546 persons convictions were secured in 196 cases against 371 persons, 58 cases against 157 persons resulting in acquittal or discharge. There were 14 cases pending disposal at the close of the year. Of the cases brought to trial no less than 181 cases with 322 accused were those instituted for unauthorized felling or appropriation of wood. The percentage of convictions to the total number of cases instituted was 73·14 against 79·87 in the year previous.

~~11.~~ *Injury to Sandal Trees.*—The total number of cases for enquiry by the Revenue Department was 85, of which only 35 were disposed of leaving a heavy balance of 50 cases. The amount of fines recovered was Rs. 1,241 against Rs. 1,793.

~~12.~~ *Protection from Fire.*—The area actually protected was 1,323 against 1,476 square miles at a cost of Rs. 16,108. The percentage of success was 83 against 94 and the average cost per acre attempted was three pies or a pie more than in 1896-97.

~~13.~~ *Artificial Reproduction.*—The number of plants put out on new ground was 37,623 and 48,393 vacancies were filled up, and the total expenditure under plantations amounted to Rs. 29,058 against Rs. 32,222.

~~14.~~ *Gross Yield and Outturn of Forest Revenue—Timber.*—The total quantity cut in forests was 196,844 against 239,298 c. ft., the quantity including the stock of the previous year carted to depots being 203,926 against 224,480 c. ft. The cost incurred and adjusted was Rs. 56,894 or Rs. 11,167 less than in the previous year. The sales in the Government Depôts fetched Rs. 1,66,251 against Rs. 1,31,145, the quantity of timber disposed being 228,401 against 240,444 c. ft.

~~15.~~ *Sandal-wood.*—There was on hand 354 tons of rough sandal at the commencement of the year. This was augmented by the collection of 1,777 tons during the year. 1,702 tons were worked up, which yielded 978 tons of good wood, 255 tons of inferior wood and 264 tons of white chips. The wastage and driage amounted to 204 tons or 12·03 against 10·21 per cent. Every 100 tons of wood assorted gave on an average 22·08 against 24·9 per cent of class billets. The average cost per ton of assorted wood was 22·8 against 21·7.

~~16.~~ The quantity sold was 1,572 against 1,304 tons and the amount realized Rs. 6,07,152 against Rs. 4,63,030. The average value per ton was 386 or Rs. 31 more than in the previous year.

~~17.~~ The quantity of private sandal sold along with the Government wood consisted of—

READ—

Report submitted by Colonel I. Campbell Walker, Conservator, on the Forest Administration in the Mysore State for the year 1897-98.

, DATED BANGALORE, 1899.

ORDER REON.—*Area of Forests.*—The forest areas dealt with are composed of 1,545 square miles of State Forests and Plantations finally settled and 238 square miles of reserved lands under enquiry and final settlement. These areas, which in the aggregate represent 6·54 per cent of the area of Government land and 10·81 per cent of the area of unoccupied Government land in the State, are scattered all over the State as indicated on the map accompanying the report.

2. The State Forests were extended by the addition of 176 square miles.

3. The decrease of 127 square miles of reserved lands was nominal, the areas being treated as State Forests.

4. The undermentioned jungles were constituted as State Forests :—

Districts.	Name of Forests.	Extent.
		Square miles.
Tumkur	Manchaldore	15½
Kolar	Kamasandra	27
Mysore	Narayandrug	17
Hassan	Kabbinale	23½
	Kemphole	12
	Ramadevarhalla	12
Chitaldrug	Jogimatti	34
	Nirthadi	27½
	Total ...	168½
	Minor additions including plantations ...	7½
	Grand Total ...	176

5. The Jogimatti and Nirthadi State Forests, which were hitherto shown as Reserved Forests comprising an area of 13 square miles, were extended by 48½ square miles.

The progress of settlement during the past three years was as follows:—

Years.	Square miles.
1895-96 ...	... 1,251
1896-97 ...	... 1,370
1897-98 ...	... 1,545

6. Other extensive tracts aggregating 47¾ square miles in the Chitaldrug district are reported to have been brought under special protection and partly under settlement. It is not clear why this area was omitted to be included in the list of reserved lands.

7. The formation of fuel and fodder reserves in the Closepet sub-division, Bangalore district, and the constitution as State Forests of the Sargod and Basavankote, Tyagadagi jungles in the Kadur district, will, it is hoped, be completed without further delay.

8. *Demarcation.*—Only 108 miles of new lands were cut and 257 miles of old lands recleared. But the total outlay under this head, including cost of establishment and adjustment of old charges, was Rs. 12,540. This gives a high average rate of Rs. 34 per mile, while the average rate in the Madras Presidency is about Rs 10 for permanent demarcation and Rs. 4-12-0 for reclearing. In the Mysore district 136 miles were recleared at a cost of Rs. 1,376 or Rs. 10 per mile. The charges incurred appear to be abnormal and better scrutiny is called for. The demarcation charges have not been separately stated in some cases.

9. *Surveys.*—About 116 square miles were surveyed at a cost of Rs. 3,662, which is Rs. 31·5 per square mile. In the Kadur district the expenditure was exceptionally high owing to enumeration and valuation survey of the Tegurguda State Forest measuring 9 square miles.

10. *Prosecutions for Breaches of Forest Rules.*—Out of 268 cases involving 546 persons convictions were secured in 196 cases against 371 persons, 58 cases against 157 persons resulting in acquittal or discharge. There were 14 cases pending disposal at the close of the year. Of the cases brought to trial no less than 181 cases with 322 accused were those instituted for unauthorized felling or appropriation of wood. The percentage of convictions to the total number of cases instituted was 73·14 against 79·87 in the year previous.

11. *Injury to Sandal Trees.*—The total number of cases for enquiry by the Revenue Department was 85, of which only 35 were disposed of leaving a heavy balance of 50 cases. The amount of fines recovered was Rs. 1,241 against Rs. 1,793.

12. *Protection from Fire.*—The area actually protected was 1,323 against 1,476 square miles at a cost of Rs. 16,108. The percentage of success was 83 against 94 and the average cost per acre attempted was three pies or a pie more than in 1896-97.

13. *Artificial Reproduction.*—The number of plants put out on new ground was 37,623 and 48,393 vacancies were filled up, and the total expenditure under plantations amounted to Rs. 20,058 against Rs. 32,222.

14. *Gross Yield and Outturn of Forest Revenue—Timber.*—The total quantity cut in forests was 190,844 against 239,298 c. ft., the quantity including the stock of the previous year carted to depots being 203,926 against 224,480 c. ft. The cost incurred and adjusted was Rs. 56,894 or Rs. 11,167 less than in the previous year. The sales in the Government Depôts fetched Rs. 1,66,251 against Rs. 1,81,145, the quantity of timber disposed being 228,401 against 240,444 c. ft.

15. *Sandal-wood.*—There was on hand 354 tons of rough sandal at the commencement of the year. This was augmented by the collection of 1,777 tons during the year. 1,702 tons were worked up, which yielded 978 tons of good wood, 255 tons of inferior wood and 264 tons of white chips. The wastage and driage amounted to 204 tons or 12·03 against 10·21 per cent. Every 100 tons of wood assorted gave on an average 22·08 against 24·9 per cent of class billets. The average cost per ton of assorted wood was 22·8 against 21·7.

16. The quantity sold was 1,572 against 1,304 tons and the amount realized Rs. 6,07,152 against Rs. 4,63,030. The average value per ton was 386 or Rs. 31 more than in the previous year.

17. The quantity of private sandal sold along with the Government wood consisted of—

	Rs.
46½ tons of Civil and Military Station, Bangalore, which fetched ...	17,830
19¼ tons of Kirnelli and Kamanur inam village	6,180
3¼ tons of Kalasa temple	972

Forest, dated *1899.*

18. *Free Grants of Forest Produce.*—The value of timber and other produce granted on free permits on account of village chavadis and for the rebuilding of houses destroyed by fire was Rs. 2,494. Accurate information as to the quantity, &c., of the produce removed by raiyats for agricultural purposes is again not available.

19. *Financial Results.*—The gross revenue amounted to Rs. 11,61,997, of which Rs. 10,97,241 was collected leaving a balance of Rs. 64,756 at the end of the year.

20. The gross expenditure was Rs. 4,30,893 against Rs. 4,34,057 showing a net decrease of Rs. 3,164.

21. The year's surplus amounted to Rs. 6,66,348 against Rs. 4,90,160 in the previous year and Rs. 8,22,586 in 1895-96.

22. Compared with the actual receipts the total expenditure bears a percentage of 39·27 against 46·96.

23. *Kheddas.*—There were no organized captures. The number of captured elephants on hand was 43, of which 10 were sold for Rs. 6,300, 17 died from various causes and 16 still remained. The kumkis numbered 19 leaving out the 2 that died during the year.

24. The receipts amounted to Rs. 19,242 and the total expenditure to Rs. 39,988, thus showing a deficit of Rs. 20,746.

The Heads of other Departments.

Exd.—C.V.

Forest, dated *1899.*

16. *Artificial Reproduction.*—The number of plants put out on new ground was 37,623, and 48,393 vacancies were filled up, and the total expenditure under plantations amounted to Rs. 20,058 against Rs. 32,222.

17. *Experiments.*—~~It is interesting to know that this experimental work~~ is ~~going on in the Province~~. In the Bangalore district 302 suckers of hemp plant (*Agave rigida var. sisalana*) planted out in the Pinya plantation are thriving. In the Tumkur district *Eucalyptus rostrata* seedlings were transplanted in the Devarayadurga State Forest and in the Dasarhalli, Lingenahalli, Uddihosakere and Ammanaghatta plantations, and the percentage of success ~~is more than anticipated~~. In the Shimoga district 100 rhea fibre plants supplied by the Superintendent, Government Gardens, Bangalore, were planted on a selected ground. The divi divi pods also supplied by the same officer were sown in the Shimoga Revenue plantation with good results In the Kadur district 100 rhea plants sent by that officer were planted in nursery beds at Lakvalli depôt and Chikmagalur sandal koti, where, in the latter, the plants are reported to be thriving.

18. *Gross Yield and Outturn of Forest Revenue—Timber.*—The total quantity cut in forests was 190,844 against 239,298 c. ft., the quantity including the stock of the previous year carted to depots being 203,926 against 224,480 c. ft. The cost incurred and adjusted was Rs. 56,894 or Rs. 11,167 less than in the previous year. The sales in the Government depôts fetched Rs. 1,66,251 against Rs. 1,81,145, the quantity of timber disposed being 228,401 against 240,444 c. ft.

19. *Sandal-wood.*—There was on hand 354 tons of rough sandal at the commencement of the year. This was augmented by the collection of 1,777 tons during the year. 1,702 tons were worked up, which yielded 978 tons of good wood, 255 tons of inferior wood and 264 tons of white chips. The wastage and driage amounted to 204 tons or 12·03 against 10·21 per cent. Every 100 tons of wood assorted gave on an average 22·08 against 24·9 per cent of class billets. The average cost per ton of assorted wood was 22·8 against 21·7.

20. The quantity sold was 1,572 against 1,304 tons, and the amount realized Rs. 6,07,152 against Rs. 4,63,030. The average value per ton was 386 or Rs. 31 more than in the previous year.

21. The quantity of private sandal sold along with the Government wood consisted of—

	Rs.
46½ tons of Civil and Military Station, Bangalore, which fetched ...	17,830
19¼ tons of Kirnelli and Kamanur inam village	6,180
3¼ tons of Kalasa temple	972

22. *Minor Forest Produce.*—There was a large increase of Rs. 48,025 under the contract system, owing mainly to favorable results of leases for tangadi and kakke barks in the eastern districts.

23. *Free Grants of Forest Produce.*—Timber and bamboos to the value of Rs. 2,494-12-0 were given free in the cases of houses destroyed by fire and for village chavadis.

It is estimated that about three lakhs worth of forest produce has been taken away free by raiyats during the year under report.

24. *Financial Results.*—The gross revenue amounted to Rs. 11,61,997, of which Rs. 10,97,241 was collected, leaving a balance of Rs. 64,756 at the end of the year.

25. The gross expenditure was Rs. 4,30,893 against Rs. 4,34,057, showing a net decrease of Rs. 3,164.

26. The year's surplus amounted to Rs. 6,66,348 against Rs. 4,90,160 in the previous year and Rs. 8,22,586 in 1895-96.

27. Compared with the actual receipts, the total expenditure bears a percentage of 39·27 against 46·96.

28. *Kheddas.*—There were no organized captures. The number of captured elephants on hand was 43, of which 10 were sold for Rs. 6,300, 17 died from various causes, and 16 still remained. The kumkis numbered 19, leaving out the two that died during the year.

29. The receipts amounted to Rs. 19,242, and the total expenditure to Rs. 39,988, thus showing a deficit of Rs. 20,746.

30. *General Remarks.*—Mr. B. Ramaswami Iyer, District Forest Officer, Kolar, was deputed to visit Salem, Coimbatore and Malabar, with special reference to the timber supply of the Kolar Gold Fields and at the same time to make himself acquainted with the systems adopted in the District and Range Forest offices in the Madras Presidency. It is reported that he made good use of his time, and some of his suggestions appear practicable and commendable.

During the year three Probationary Foresters, who had undergone some practical training in actual forest work were deputed to the Imperial Forest School, Dehra Dun. The Director's report on the two Rangers and three Foresters now at the school is on the whole favorable.

READ—

Report submitted by Colonel I. Campbell Walker, Conservator, on the Forest Administration in the Mysore State for the year 1897-98.

No. 453-87 / 9-7-15-98, DATED BANGALORE, 17th July 1899.

ORDER THEREON.—*Touring of Forest Officers.*—The Conservator of Forests was out for four months and inspected the forests in Kolar, Mysore, Hassan, Kadur and Bangalore districts. ~~Such inspections are, it is needless to say, attended with great benefit.~~

Among the subordinate officers, Messrs. Venkatnarnappa and K. Shamaiengar camped out the longest for 224 and 210 days, respectively, while Messrs. Abdul Karim and Sitaramaiya were only out for fifty-five and fifteen days.

2. *Area of Forests.*—The forest areas dealt with are composed of 1,545 square miles of State Forests and Plantations finally settled, and 238 square miles of reserved lands under enquiry and final settlement. These areas, which, in the aggregate, represent 6·54 per cent of the area of Government land and 10·81 per cent of the area of unoccupied Government land in the State, are scattered all over the State as indicated on the map accompanying the report.

3. The State Forests were extended by the addition of 176 square miles.

4. The decrease of 127 square miles of reserved lands was nominal, the areas being treated as State Forests.

5. The undermentioned jungles were constituted as State Forests :—

District.	Name of Forest.	Extent.
		Square miles.
Tumkur	Manchaldore	15½
Kolar	Kamasandra	27
Mysore	Narayandrug	17
Hassan	Kabbinale	23½
	Kemphole	12
	Ramadevarhalla	12
Chitaldrug	Jogimatti	34
	Nirthadi	27½
	Total ...	168½
	Minor additions including plantations ...	7½
	Grand Total ...	176

6. The Jogimatti and Nirthadi State Forests, which were hitherto shown as Reserved Forests comprising an area of 13 square miles, were extended by 48½ square miles.

The progress of settlement during the past three years was as follows:—

Years.	Square miles.
1895-96	1,251
1896-97	1,370
1897-98	1,545

7. Other extensive tracts aggregating 47¾ square miles in the Chitaldrug district are reported to have been brought under special protection and partly under settlement. It is not clear why this area was omitted to be included in the list of reserved lands.

8. Much attention is being given to the proper protection and development of forests in the Chitaldrug district, where the necessity for them is much felt.

9. The formation of fuel and fodder reserves in the Closepet sub-division, Bangalore district, and the constitution as State Forests of the Sargod, Basavankote and Tyagadabagi jungles in the Kadur district, will, it is hoped, be completed without further delay.

10. *Demarcation.*—Only 108 miles of new lands were cut and 257 miles of old lands re-cleared. But the total outlay under this head, including cost of establishment and adjustment of old charges, was Rs. 12,540. This gives a high average rate of Rs. 34 per mile, while the average rate in the Madras Presidency is about Rs. 10 for permanent demarcation and Rs. 4-12-0 for re-clearing. In the Mysore district 136 miles were re-cleared at a cost of Rs. 1,376 or Rs. 10 per mile. The charges incurred appear to be abnormal, and better scrutiny is called for. The demarcation charges have not been separately stated in some cases.

11. *Surveys.*—About 116 square miles were surveyed at a cost of Rs. 3,662, which is Rs. 31·5 per square mile. In the Kadur district the expenditure was exceptionally high owing to enumeration and valuation survey of the Tegurgudda State Forest measuring 9 square miles.

12. *Forest Maps.*—Forest maps were made for each district and for the whole Province; but these have yet to be tested and corrected, when ultimately correct and complete maps ~~may be issued finally~~. This is a work which it is desirable to bring to completion very soon.

13. *Prosecutions for Breaches of Forest Rules.*—Out of 268 cases involving 546 persons, convictions were secured in 196 cases against 371 persons, 58 cases against 157 persons resulting in acquittal or discharge. There were 14 cases pending disposal at the close of the year. Of the cases brought to trial, no less than 181 cases with 322 accused were those instituted for unauthorized felling or appropriation of wood. The percentage of convictions to the total number of cases instituted was 73·14 against 79·87 in the year previous.

14. *Injury to Sandal Trees.*—The total number of cases for enquiry by the Revenue Department was 85, of which only 35 were disposed of, leaving a heavy balance of 50 cases. The amount of fines recovered was Rs. 1,241 against Rs. 1,793. It is gratifying to learn that in the Shimoga district, the smuggling on the frontier was greatly checked by the co-operation of the Bombay Government.

15. *Protection from Fire.*—The area actually protected was 1,323 against 1,476 square miles, at a cost of Rs. 16,108. The percentage of success was 83 against 94, and the average cost per acre attempted was three pies or a pie more than in 1896-97.

The state of affairs brought to notice in the Mysore district, is not satisfactory and it is hoped that the Conservator of Forests will take such action as will diminish fires in the forests of that district, and protect them effectively. More energetic action on the part of the local officers seems called for.

F. F. 15-98

dated 17th July 1899, reviewing
the Forest Administration Report
of Mysore for the year 1897-98.

Letter no. 766/110 dated 19th
August 1899, from the Conser-
-vator of Forests in Mysore,
bringing to notice that
Mr. Abdul Karim was in
charge of two Districts in
1897-98 and made a tour
of 169 days.

Order Thereon.

In the last but one line

A

Para 1 of the Government order referred to above, for "fifty-five" after the words "out for", read "164".

H 29/8/99 Secretary

To

R07 Rm. 30.8.99

The Conservator of Forests in Mysore.

Sub Secretary:-

Please see page 2 of the Conservators Report -

Mr Abdul Karim's name appears in 2 places in the list given in para 13. In one place 55 is entered and in the other 114. The total might have been taken. The statement being misleading, the 2nd Councillor took the figure 55 only. The Hon Conservator and the 2 Councillors remark to that verification, for which I am sorry
